WELCOME TO DR. S. RADHAKRISHNAN INTERNATIONAL SCHOOL

Meenakshi Kilpady, Principal

At Dr. S. Radhakrishnan International School, the Cambridge Advanced Level curriculum at Dr. S. Radhakrishnan International School, is a 2 year course that prepares world graduates who are future ready. Our focus is to develop academic excellence to build a generation that contributes positively and acts responsibly.

Our curriculum is a fine balance between curricular and cocurricular activities. We are keenly aware that we are catering to young adults. Every plan for activities and events is designed to ensure students exercise their independent thinking skills, collaborate with their peers, express creativity and explore the world. Research activity is an important aspect of the teaching learning process.

Our faculty consists of committed, well trained, experienced and student friendly educators, who are the driving force behind our student success. It is a testimonial to them that for 3 consecutive years, we have had WORLD TOPPERS in Math.

We have a dedicated career counsellor to help and support students towards their University admissions. We aspire to see our students as assets in the global community – optimistic, ethical, resilient and most of all, as compassionate human beings. We are proud of our alumni who have secured admissions into leading universities and courses, and are leading the way to innovation and service.

It is my pleasure to welcome the new batch of students for a well-rounded and enriching educational experience with Dr. S. Radhakrishnan International School, Malad.

Warm regards,
Principal

CAMBRIDGE INTERNATIONAL AS & A LEVELS AT DR. S. RADHAKRISHNAN INTERNATIONAL SCHOOL

In keeping with our unwavering focus on quality in education, **Dr. S. Radhakrishnan International School, Malad (W) offers a student sensitive and strategically designed curriculum that gives students an international perspective and yet retains a cultural flavour.**

Cambridge International Advanced Subsidiary Levels (AS Levels) is typically a one-year programme of study, while Cambridge International Advanced Levels (A Levels) typically takes two years, including the AS. Aimed at 16–19 year old students before university study, Cambridge International AS & A Levels are popular due to their universal acceptance for higher studies.

In India, the AS and A Levels are considered equivalent to Stds. 11 and 12. A-Level students show high quality performance at the undergraduate level, and stand with the best for future courses at the graduate and professional level. These qualifications prepare students for further studies in any country, while developing knowledge, skills, and attitudes that are on par with thousands of students across the globe.

Cambridge International AS & A Levels provide a strong platform for students to progress to university and beyond. Students develop abilities which universities value highly, including:

- a deep understanding of their subjects
- higher order thinking skills – analysis, critical thinking, problem solving
- presenting ordered and coherent arguments
- independent learning and research.

WHY CHOOSE TO STUDY WITH US?

The Cambridge Advanced Level curriculum in the Dr. S. Radhakrishnan International School is a customized programme, designed to give our students' the best academic advantage for higher studies. In keeping with BCG values and practices, students are provided with a variety of experiences that integrate their intellectual and psychological growth into the educational plan.

Cambridge students get to play an active role in the classroom. They will be asked to think critically, to learn how to construct an argument and evaluate evidence. They will learn to work independently and to collaborate with one another to bring a project to a successful outcome (and if it's not successful, they'll also learn lessons from reflecting on why that might be).

With highly qualified and experienced faculty, the students have easy access to a wide range of resources that supplement their syllabus. Using digital technology and a research-based methodology, students are empowered to gain mastery over their chosen subjects, in an environment that is both demanding and supportive. And they'll be encouraged to develop an international outlook, and become confident, global citizens.

The schools is/are equipped with modern facilities for students:

- Well-equipped Science Laboratories
- Computer Laboratory
- Vast Reference Library
- Customized Curricular Material
- Lecture Series by Expert Guest Faculty
- Off-site Activities for Practical learning
- Events like Model United Nations and Cultural activities
- Professional Career Guidance
- Counseling facilities

Students are provided laptops and lockers, and study in temperature-controlled classrooms which are digitally enabled.

*"Model UN is a fast-growing competitive activity for many students, but to a great deal of us involved in organising the conference, it meant so much more. We had the unique opportunity to put together the **first-ever virtual Model UN Conference - DSRISM MUN 2020** - an experience of learning and thriving for us. It is said that true excellence is a product of synergy and team working and DSRISM MUN proved it for us.*

Throughout the course of preparing for and organising the conference, we all grew into leaders, became confident in ourselves, recognised the importance of cooperation and coordination, honed numerous skills such as interacting with people, marketing, and digital designing to name a few. Being a part of DSRISM MUN 2020 was an absolute honour and an enriching experience that will always stand out as our greatest achievement when we look back at our time in high school!

– Riya Rajput, Cambridge International A-Level, 20-21

Students are offered choice of subjects, meeting the requirements of the Science, Commerce or Arts/Humanities streams:

SCIENCE	COMMERCE	ARTS/HUMANITIES
<ul style="list-style-type: none"> • English • Mathematics/ Psychology • Physics • Chemistry • Biology/ICT • Information Technology 	<ul style="list-style-type: none"> • English • Business • Accounting • Economics • Mathematics • Information Technology 	<ul style="list-style-type: none"> • English • Sociology • Psychology • Economics • Business • Information Technology

Eligibility: The course enrollment is open to students of all Boards (IGCSE, IB, ICSE, CBSE, SSC) conditional to student performance.

IN DSRIS, EVERY CHILD MATTERS

There are a number of reasons why studying at Dr. S. Radhakrishnan International School will be a special experience for students. Enconced in the warm and student-centric environment of our school, students will have the best quality material and community to learn with. Here are some things that our students and parents particularly appreciate:

- The friendly, supportive and relatively informal atmosphere that allows students to blend in successfully and feel quickly at ease.
- The teaching faculty, trained by Cambridge experts, have a strong subject foundation and valuable experience with Cambridge curriculum and assessments.
- Individualized attention where educators know their students keenly, with a realistic understanding of their strengths and challenges. They encourage students to optimize their true potential to achieve their best.
- The preparation for examinations, revisions, test papers and assessments are of

the highest quality, which gives students a clear perspective of what to expect and how to respond. The feedback provided is specific, timely, and constructive.

- The range of extra-curricular activities offered - cultural day, sports meet, inter-school competitions, educational excursions, camps, MUN, interactions with faculty from universities abroad, and observing special days of national and international importance.
- Professional Career Guidance and Development programme that individually helps students to explore opportunities in India and abroad.

A-Level Topper

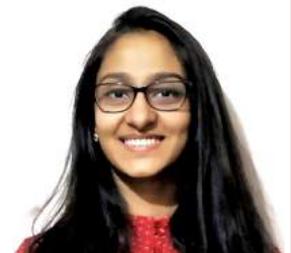

Dr. S. Radhakrishnan International School, Malad

Dr. S. Radhakrishnan International School, Malad offers you the perfect balance of academic excellence, social engagement, extra-curricular skills, cultural awareness and acceptance. A perfect concoction to help you grow into the best version of yourself. 14 years ago, I joined this school, oblivious to the incredible journey of learning and growth that lay in front of me. From pre-primary to doing my AS and A levels, I have a hoard of invaluable memories and values.

The teachers here will ensure that you never give up, and will have immense confidence and trust in you, and will support you to do your best in all aspects of life, they will play the role of a teacher, a guardian, a friend, and a well-wisher, and be by your side through thick and thin. Every student here has an individual bond with every teacher.

Indeed, Dr. S. Radhakrishnan International School is a place where 'Every Child Matters' and is undeniably one of the best things that happened to me in my life!

Vaishnavi Iyer
Batch of 2019-20

Cambridge International AS & A Levels are taken in over 130 countries with more than 530000 subject entries each year. Cambridge International prepares school students for life, helping them develop an informed curiosity and a lasting passion for learning.
