About Bombay Cambridge Gurukul

Our Mission

is to provide a dynamic learning environment in school that is committed to achieving excellence in academics and behavior in our students. Our school provides a nurturing climate for children, caring teachers to facilitate the development of 21st century skills, and a sensitive curriculum which develops equally the hearts and minds of our students.

Studying in Bombay Cambridge Gurukul

is an unforgettable experience. Our students are our priority and at the heart of all our planning. It is our constant endeavour to provide learning experiences that are rich in diversity, appeal to multiple learning styles, and empower students with the confidence that comes from experiencing success.

Our Vision

is to generate world graduates, who possess the crucial skills and values to develop a humane society, and be the fore-runners of thought as responsible citizens of a global community.

Welcome to Dr. S. Radhakrishnan International School

Meenakshi Kilpady
Principal

We, at Dr. S. Radhakrishnan International School, provide varied opportunities to our students, to learn and evolve, so that they are future-ready, competent and able to make a mark in the world. It has been our proud tradition to provide quality education to our students by following the best practices in the field of education.

We believe every child is unique, and our endeavour is to provide experiences that support each one of them to achieve their unique potential. Our methodology and practices are student-centric and designed to provide stress-free education. The learning process is stimulating, engaging and inquiry-based with the latest technology integrated in the teaching-learning process. Students learning is maximised under the guidance of our experienced and energetic teachers. They undergo extensive training periodically to upgrade their skills to meet the requirements of a dynamic curriculum.

With the world focussing on its future citizens possessing the 21st century skills of communication, collaboration, critical thinking and creativity, we, in the school, are equipping our students with these essential skills through a wide range of activities including a robust Social Emotional Learning Curriculum linked to the Global Schools Program.

The energy and focus of every adult in our school is to ensure that our students are safe and happy in a caring environment especially as we begin again in the new normal, post-Covid world. We aspire to see our students as assets in the global community – optimistic, ethical and compassionate.

Welcome to a happy school!

Cambridge Assessment International Education, U.K.

Here, at the Bombay Cambridge Gurukul, we take the approach that each child is unique, with special talents and abilities and an individual learning style.

The EYFS or Early Years Foundation Stage sets high standards for inclusive learning and development of children in pre-school years. The cognitive development of the child is highest during these formative years, and the curriculum has been effectively designed to make sure children get to the next stage of learning with confidence.

Our Prep classes offer a safe and caring learning environment, which promotes age appropriate and all-round development. More importantly, students are prepared with the right attitude to learning that will ensure success in mastering the world-class content of the Cambridge course.

Learning through play, activities and field trips, the EYFS course content builds on the inter-connections inherent in:

Physical Development

Personal, Social & Emotional Development

Literacy

Understanding The World

Mathematics

Expressive Arts & Design

BCG Academia provides students with an option to study under the

- Cambridge Assessment International Education, UK (IGCSE) or
- Maharashtra State Board Secondary School Certificate (SSC)

With our highly trained teachers and over 25 years of educational research and refined methodology, we ensure that each student is able to maximize their academic potential.

With World Toppers and A+ achievers in IGCSE and over 75% of our students scoring over 90% in the SSC exams – BCG's superior curricular program caters to every type of learner.

Cambridge Primary & Secondary Course

The Cambridge international curriculum sets a global standard for education, and is recognised by universities and employers worldwide. The curriculum is flexible, challenging and inspiring culturally sensitive yet international in approach.

Cambridge students develop an informed curiosity and a lasting passion for learning. They also gain the essential skills they need for success at university and in their future careers. Cambridge uses internationally benchmarked tests, giving parents extra trust in the feedback they receive.

The programme at Dr. S. Radhakrishnan International School develops young learners who are confident, responsible, reflective, innovative and engaged. At each stage, students build on their previous learning and our syllabus design reflects a 'spiral' approach, providing a natural progression throughout the primary years and beyond.

The popularity of Cambridge IGCSE curriculum has been steadily increasing among parents because the Cambridge Assessment International Education offers students several advantages over other boards.

Here are some of the biggest benefits and advantages IGCSE offers:

A Range of Choices:

Our students may choose subjects by grade 8, so that they can focus their attention and energy on building crucial concepts and skills in a stream of their choice.

Proficiency in English:

With English as a First Language, our learners gain high proficiency and fluency in communication skills, leading to a strong identity and voice in the global space.

Global Connect, Local Relevance:

While IGCSE strongly encourages students to develop a global outlook and promotes international mindedness, our students build strong ties to their local and cultural roots right from the early stages.

World-Wide Recognition:

CAIE is like the Gold Standard of educational qualifications and is accepted and recognized by the world's best universities, organizations and governments. Several BCG students are now studying or working with the best minds in the world.

Lessons for Life:

The methodology encouraged by CAIE builds sustainable academic skills in students. With its application based approach, students develop into independent and confident learners.

With its quality assessments and inquiry-based approach to learning, the Cambridge IGCSE ensures that its learners have 21st century skills preparing them to be upstanding citizens of a global community.

Our schools Dr. S. Radhakrishnan International at Malad (West) and Bombay Cambridge International at Andheri (East) offer the Advance Levels (A and AS) in the key streams of higher education.

Multi-Dimensional Modes of Learning

...including online

Maharashtra State Board (SSC)

The Kindergarten curriculum is implemented using the play-way method, and includes consciously planned activities for all round development. It is designed to match the pace of individual learners and calibrated to their developmental stage. The students enter the world of Primary education with confidence and build on the foundations of skills acquired in pre-school.

Primary and Secondary education:

The course is as prescribed by the Brihanmumbai Municipal Corporation for the Primary, and as per the Maharashtra State Board of Education for the Secondary section. The teaching methodology uses the prescribed textbooks of the Maharashtra Board and includes field trips, project work, and specially designed worksheets that ensure complete learning and inculcate the habit of self-management.

Students have an environment that allows them freedom for individual expression, and develops the capability that is required to show achievement in the final examinations as per the standards set by the Board. The academic level of students shows that they are well upto the standards of measurement, while at the same time, able to participate in the numerous activities that the school provides for them.

Our students have consistently made us proud with their extraordinary achievement at the SSC Board examinations.

IGCSE Topper

2021-22

Swara Keni

The bond that I have developed with all my teachers and school over the past ten years is extraordinary and holds a special place in my heart.

Maintaining an undeterred focus and positive approach throughout the board preparations was possible in these pandemic-stricken years, because of the consistent faith and support that I received from my teachers and family. And for that, I'm deeply obliged.

The knowledgeable and experienced faculty at the school have always delivered concepts in an interesting manner and kept us motivated towards achieving our goals.

No other experience in life will possibly be capable of matching the one I've had with my school.

I express my immense gratitude towards everyone who has believed in me and helped me discover my true potential. Teachers here have taught me more than what is in books alone, they have helped me focus and channelize my energies towards studies and helped me top the exams.

My heartfelt thanks to the founders and the school management to instill values of respect and sensitivity towards environment in all of us. And a big thank you for my parents for being there by me through out.

Thank You

What is SELC?

The Social-Emotional Learning Curriculum (SELC)

Social and emotional learning (SEL) is the process through which children understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

1 Life Skills Education Modules:

The emotional safety and well-being of children is as important as their physical growth and well-being. The life skills sessions are developed by trained and experienced professionals from the field of Education and Psychology to provide platforms for discussions with students at all levels from pre-school to class 10.

2 Global Responsiveness and Sensitivity Program (GRASP):

Relationships form the core of all human values, and the programme helps students learn their relationship with themselves, with people around them, and with all elements of their environment. In GRASP sessions, educators provide students opportunities to learn about their environment, the impact of human behaviour, the advantages of diversity, and priorities set in the world agenda. Secondary section students have an opportunity to serve on the Student Council, and involve themselves in the planning and implementation of the Student PEACE Code towards building a positive school environment.

Senior students are provided important life experiences during camp, where they engage in adventure and inter-personal bonding activities under the professional supervision of experienced trainers. Placed in semi rustic conditions and surrounded by nature, students work in teams, explore their inter-personal strengths and challenges, build resilience, learn to care for the environment, and share resources.

The 5 competencies of SELC:

Self awareness

Self management

Social awareness

Relationship skills

Responsible decision making

Self Awareness

Self Management

Social Awareness

Responsible Decision Making

Relationship Skills

Life-Skills Education

(Kindergarten to class 10)

- Emotional Management
- Understanding Relationships
- Managing Conflict and Stress
- Safety in the Physical and Cyber World
- Respect for Diversity
- Personal Safety Education (PSE)

Personal Awareness & Career Explorations (PACE)

(Classes 6-10)

- Streams of Study and Colleges
- Assessments for Self Awareness
- Activities for Exploring Aptitude
- Mykensho and University
- CAP - Career Awareness Program

Global Responsiveness & Sensitivity Program (GRASP)

(Classes 1-10)

- Care for Living Beings
- Protecting the Environment
- Using the 5Rs - Reduce, Reuse, Recycle, Repair, Refuse
- Conserving Resources
- Nature Camps
- Excursions & Trails

Annual Fests & Events

(Kindergarten to class 10)

Kindergarten

- Kaleidoscope
- Head-Over-Heels
- Fun Fair

Primary/ Secondary

- Crescendo - Cultural Day
- Momentum - Sports Meet
- Effervescence - Exhibition

Enrichment Activities

(Classes 5-10)

- Global Schools Program (SDG and Community Projects)
- Inter-School Competitions & Tournaments
- External Examinations
- Student Council & House Activities
- Clubs

3 Annual Fests:

With the school's 100% participation policy, every student from Kindergarten to class 10, participates in events that display their particular talents and aptitudes. Students present these skills to their parents in a grand function that is celebratory and euphoric, filling everyone with a deep sense of pride for the school and its students.

Performing Arts:

Kaleidoscope for the Kindergarten and **Crescendo** for the Primary and Secondary – students display their talents on the annual cultural day, a fine blend of skills and aesthetics learned through their art, craft, dance, drama and music courses.

Sports and Games:

Head-Over-Heels in Kindergarten and **Momentum** for Primary and Secondary – the Annual Sports Meet is the culmination of fine and gross motor skills learning, set in age appropriate activities, displays and competitive sports. Senior students can opt to be in the school's sports teams for basketball, throw-ball, handball, football and kho-kho, & play at inter-school matches and sports meets. Indoor games such as chess, carrom, table-tennis and badminton are also encouraged in school.

School Exhibition:

The school annual exhibition **Effervescence** has students' present to parents their skills with academic projects related to the different subjects they study, and the practical application of key concepts. Students prepare models and charts and demonstrate experiments which showcase their knowledge and skills. In the lower classes, the school organizes a fun-fair where parents can bring their children to enjoy games, rides, and edible treats. It is a great family outing and lots of fun.

What make the annual fests special is that the best of the school is on display, the students and staff play host to our honoured guests – the parents, and a festive environment of camaraderie and excitement pervades the hearts and minds of all present.

4 Personal Awareness and Career Explorations (PACE):

The PACE programme provides access to professional online portals so that students can explore their interests and aptitudes. Students acquire the competencies and awareness required to develop a road-map to their further education and future career.

5 Enrichment Activities:

Under the **Global Schools Program**, supported by UNESCO, our senior students engage in various community projects that bring to them the experience of civic responsibility, social awareness, understanding realities of different segments of society, value of empathy, compassion and generosity, as well as understanding the power of action. Students learn that they can make a difference, and that real change has to begin with them.

In keeping with the school's belief that competitions and comparison are damaging to children at a young age, BCG introduces **interschool competitions and examinations** from the age of 11 years onwards. From class 5 onwards, students are offered a multitude of opportunities at the national and international level.

With trained teachers to guide their preparations, our students excel in these and their achievements are our pride.

School Facilities

Our school facilities are consciously planned to provide the best advantage to the learner, and to ensure educators have every teaching method available to them. These systems provide support for all types of learners, and ensure that essential skills for responsible citizenship and personal care are taught to students, leading to successful integration in a rapidly-changing global environment.

- Expert & well trained Faculty
- Air-conditioned classrooms
- Play area for Kindergarten
- SMART Board technology
- Well equipped Science Laboratories
- State-of-the-art Computer Centres
- Open-access Library
- Coaching for Games & Sports Activities
- Counseling & Remedial Services
- Centre for Educational Design & Publishing
- Department of HRD

The school canteen offers delicious and hygienic food for students, a fond memory of the alumni.

The transport services of the school are professionally managed, with female staff.

The school security system is manned by experienced staff, and supported by CCTV cameras and biometric systems.

The school has regular safety audits and an active Child Protection Policy.

The School Captain Speaks...

Learning Never Stops In Our School

I feel privileged and deeply honoured to be able to serve as School Captain in an institution that has given me so much. The Student Council has taught me lessons that cannot be unlearned throughout my life.

Learning here happens through a myriad of activities. All teachers and staff in our school persevere towards establishing the perfect environment for stimulating, unhindered learning and growth. We students are encouraged to excel in academics, and also participate in diverse cocurricular activities, to refine our skills and develop confidence beyond classroom knowledge.

Every year, the school confers Excellence Awards, where students are felicitated for excellence in academic achievements as well as excellence in behaviour. The inclusion of Social Emotional Learning Curriculum facilitates an overall holistic approach towards life. The PEACE code, an initiative by the Student Council is one of the most important campaigns for creating a positive and student friendly environment in the school, making our school the happiest place.

A multitude of inter-house competitions are scheduled by the council for students both for sports, and non-sports events. These competitions help students to inculcate attributes like leadership, dexterity, and teamwork. It encourages students to share ideas and pursue their hobbies through these competitions.

All in all, my school is a place where caring and inspiring adults ensure that every child is safe, happy and thriving!

**School Captain
Aditya Trivedi**

BCG's latest venture in the field of education is - The Primary Enrichment Programme (PEP)

The PEP is a unique programme designed keeping in mind the needs of our bright, young students who are curious to discover and know more. It aims to raise self-awareness and bring forth the 21st century skills, helping students become reflective, conscious and critical thinkers. In a two hour, weekly online session, students are exposed to a range of ideas, activities and information. Our dynamic teachers design special learning modules that challenge students to go beyond the standard curriculum and create new and unique modes of independent learning. The concepts covered are chosen judiciously. The teachers, being facilitators, skillfully lead the students to express their imagination and apply the principles of different concepts that expands knowledge and the understanding of the world around them.

We at BCG are excited to broaden our students' experiences and capabilities, and thus push the boundaries of their horizons!

A BCG initiative for Std. 10 Students - The LEAP Programme (Learning for Enhancing Academic Prowess)

Designed to help our Std. 10 students who excel in academics, the LEAP programme is driven by our senior and highly qualified faculty members possessing over 15 years of experience in being teachers, examiners and moderators in the State Board Exams. They use their expertise and competence to guide the meritorious students to reduce the margin of error, if any, and attain the best score.

A two-hour class, scheduled thrice a week, provides a platform for comprehensive test preparation including intensive practice in writing with a special focus on technique. If required, the teachers go the extra mile scheduling an additional class in the week, as per student need. As subject-mentors, they empower students by clarifying doubts and providing valuable strategies and tips. Students are assessed frequently and their answer sheets are corrected meticulously to train them for the upcoming board exams. The individual and in-depth feedback given to each student helps them to hone their skills, master time-management and maximize their scores. The LEAP programme motivates and prepares our deserving students to go a step beyond to achieve their best.

Student Achievements

Name of the student	Class	Achievement
Swarrang Mulekar	3	Accolades from 'The Worldwide Book of Records' and 'India Book of Records' for being the youngest kid to identify musical notes, musical pitches, intervals, chords and to sing sargams in various musical scales
Asmi Gharat	7	Bagged Gold Medal at the Dr. Homibhabha Balvaidnyanik Competition
Atharva Rajpurkar	9	Entered into the Guinness World Records for solving the rotating cube in record time Bagged Gold Medal in the 7 th National Pickleball Championship
Raghav Senthivel	9	Bagged a Gold Medal at the 48 th Sub. Jr. & Cadet State Judo Championship
Alisha Naik	10	Ranked 5 th at the National Level in Badminton
Ved Thakur	10	Bagged the Doubles Runners Up Trophy in Tennis organized by the Sania Mirza Tennis Academy
Vidit Shetty	10	Bagged a Gold medal in 400 Mts and 800 Mts race organized by MSSA
Deep Pilankar	10	Bagged Gold Medal in Mumbai Suburban District Cross Country Race (2Kms) and Silver medal in 800 Mts. race and Bronze medal in 400 Mts. race organized by MSSA

In the last 2 years

- 26 students bagged Gold Medal in International Mathematics Olympiad
- 13 students bagged Gold Medal in National Science Olympiad
- 21 students bagged Gold Medal in International English Olympiad
- 11 students bagged Gold Medal in National Cyber Olympiad

The LeAD offers programs for schools and its various stakeholders, towards developing an environment conducive to student's healthy growth and development. Students are challenged with rapid changes in the social and technological environment, while adults are struggling to guide them. LeAD provides many opportunities for adults and students to brainstorm, discuss, and learn based on professional research and study. LeAD provides training programs, workshops and consultation to educators, parents, and students, in BCG and in the larger educational community.

CEDP is the BCG's hub for academic analysis and development. Comprised of professionals, they study syllabi and develop learning material for teachers and students, including worksheets. Guided by the CEO, they provide content that supplements the course plan as well as material that enriches the teaching-learning process. In addition, they design and develop resources for educators, customizing it to their requirements. Their high quality services ensure that the BCG schools are always well supported and equipped with the best curricular material.

Gurukul Song

We are the Leaders that inspire
We are the spirit of the People
We are the Force that's driven
To achieve the impossible

Chorus

We dream and we know
We care and we show
We are the teachers and
We are the learners
Forever thus we grow (2)

We are the wave
We are the ocean
We are the heirs
To the legacy of Reason
We are the Force that's driven
To achieve the impossible
(Repeat chorus)

We are the light
We are the laughter
We are the caretakers
Of Time hereafter
We can change the lives
Of all like you and me
We can turn the tide
And create the land and sea
(Repeat chorus)

We are the Leaders that inspire
We are the spirit of the People
We are the Force that's driven
To achieve the impossible
(Repeat chorus)
