Welcome to the BCG family!

The Bombay Cambridge Gurukul schools are unique in that they have evolved out of a philosophy, an idea. Since 1988, inspired by great thinkers of the times, BCG pioneered the concept of 'caring schools', introducing several child-friendly concepts ahead of time, validated today by educational research across the globe.

Cognizant that the child today will apply his/her learning in a future that is 20 years away, BCG schools have a robust digital, life skills and curricular program. Our alumni are spread across the globe, and are active mentors to our students.

In BCG, **every child matters**, and it is reflected in every step of our course plan and activities. Our educational program is driven by our mission – excellence in academics and excellence in behaviour! We take pride in our students' accomplishments, and their achievements are a testimonial to our educational philosophy.

Parents play an integral role in setting direction for their child, and our partnership will provide the impetus for success. We welcome you to begin your child's journey with us, and look forward to a long lasting and enriching relationship.

Vikram Patel
Chairman

Our Mission is to provide a dynamic learning environment in school that is committed to achieving excellence in academics and behaviour in our students. Our school provides a nurturing climate for children, caring teachers to facilitate the development of 21st-century skills and a sensitive curriculum which develops equally the hearts and minds of our students.

Our Vision is to generate world graduates, who possess the crucial skills and values to develop a humane society and be the fore-runners of thought as responsible citizens of a global community.

Welcome to Dr. S. Radhakrishnan International School, where we strive to provide a range of opportunities for our students to learn, grow, and equip themselves for a promising future.

We believe in the distinctive qualities of each child and endeavour to create experiences that nurture their unique abilities. Our educational approach ensures a stress-free learning atmosphere. The teaching methodology our experienced and enthusiastic teachers employ is stimulating, engaging, and inquiry-based, integrating the latest technology seamlessly into the learning process.

We at school actively foster the 21st-century skills in students - communication, collaboration, critical thinking, and creativity, through a diverse range of activities, including a robust Social Emotional Learning Curriculum linked to the Global Schools Program.

Our ultimate goal is to see our students emerge as valuable assets in the global community - optimistic, ethical, and compassionate individuals.

We welcome and invite you to witness and be a part of our school's nurturing and joyful learning environment.

Meenakshi Kilpady
Principal

BCG Academia provides students with an option to study under the Cambridge Assessment International Education, UK (IGCSE) or Maharashtra State Board Secondary School Certificate (SSC).

With our highly trained teachers and over 25 years of educational research and refined methodology, we ensure that each student is able to maximize their academic potential.

With World Toppers and A* achievers in IGCSE and over 75% of our students scoring over 90% in the SSC exams – BCG's superior curricular program caters to every type of learner.

Gurukul Kindergarten

The Kindergarten curriculum is implemented using the play-way method and includes consciously planned activities for all-round development. It is designed to match the pace of individual learners and calibrated to their developmental stage. The students enter the world of Primary education with confidence and build on the foundations of skills acquired in preschool.

Primary and Secondary Education

The course is as prescribed by the Brihanmumbai Municipal Corporation for the Primary, and as per the Maharashtra State Board of Education for the Secondary section. The teaching methodology uses the prescribed textbooks of the Maharashtra Board and includes field trips, project work, and specially designed worksheets that ensure complete learning and inculcate the habit of self-management.

Students have an environment that allows them freedom for individual expression and develops the capability that is required to show achievement in the final examinations as per the standards set by the Board. The academic level of students shows that they are well up to the standards of measurement, while at the same time, able to participate in the numerous activities that the school provides for them. The students are bench-marked with the best in the State and participate in various events and competitions organized by the Education Department.

Our students have consistently made us proud with their extraordinary achievement at the SSC Board examinations.

SSC Topper 2022-23

My time at Dr. Sarvepalli Radhakrishnan Vidyalaya, Malad has been nothing short of incredible. My school holds a special place in my heart, as it is a place where I have witnessed personal growth and a well-rounded education like no other. It is not just an educational institution; it's a nurturing ground for holistic development.

My school has seamlessly integrated academics, extracurricular activities, self-improvement, life skills, and much more into the educational experience. Opportunities provided by the school and unwavering support from my teachers allowed me to explore my interests and talents to the fullest.

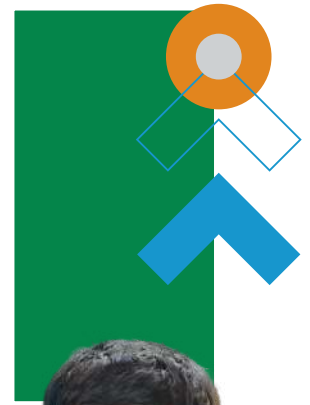

My school has instilled in me a multitude of values, including courage, sensitivity, integrity, and reasoning. These values are not just words; they are the core principles that the school upholds and imparts to each student.

DSRV is not just a school; it's a place where every child's growth and well-being truly matters.

What is SELC - Self Awareness, Self-Management, Social Awareness, Responsible Decision Making, Relationship Skills

BCG has been a pioneer in establishing the Social Emotional Learning Curriculum. We place equal emphasis on both the behavioural and social-emotional development of students as part of our commitment to delivering a future-oriented education, in order to equip our students with vital life skills thereby promoting not only academic success but also overall well-being.

BCG Initiatives

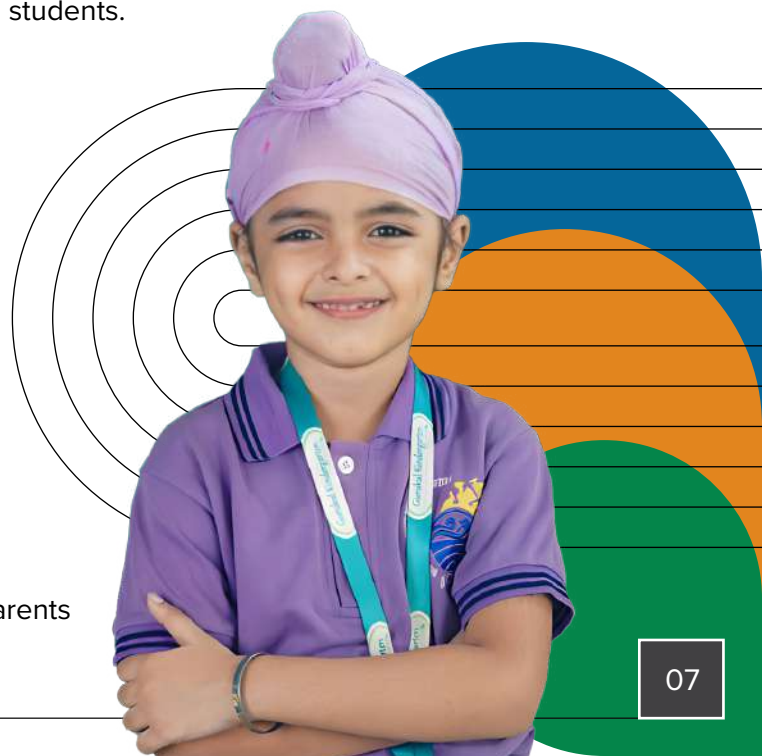

Learning for Enhancing Academic Prowess (LEAP) - Designed to help our Std. 10 students who excel in academics, the BCG LEAP program is driven by our senior and highly qualified faculty members. They use their expertise and competence to guide the meritorious students to reduce the margin of error, if any, and attain the best score through individual and in-depth guidance and feedback thereby helping them to hone their content skills, master time-management and test preparation, and maximize their scores.

School Facilities

Our school facilities are consciously planned to provide the best advantage to the learner and to ensure educators have every teaching method available to them. These systems ensure that essential skills for responsible citizenship and personal care are taught to students.
